Minecraft is a sandbox game originally designed and created by Markus "Notch" Persson, and now developed by Mojang. It was publicly released for the PC on May 17, 2011, as a developmental alpha version and, after gradual updates, was published as a full release version on November 18, 2011. A version for Android was released a month earlier on October 7, and an iOS version was released on November 17, 2011. On May 9, 2012, the game was released on Xbox 360 as an Xbox Live Arcade game. The game allows players to build with a variety of different blocks in a 3D procedurally generated world. Other activities include exploration, resource gathering, crafting, and combat. The PC version of the game is published by Mojang. The Xbox 360 version is published by Microsoft Studios. The release of the mobile versions are handled by external publishers, such as Electronic Arts, Ubisoft, Warner Bros. Interactive Entertainment and Halfbrick Studios for iOS devices, and Mojang for Android. The game is currently available on all major platforms except Google Chrome OS.",

When it comes to purchasing a Minecraft server, you should consider realistically whether or not you are going to be playing with friends or creating a private server for yourself. Most gamers are able to find a public server that is dedicated and offers high-level content that they will enjoy. However, there is plenty of room in the market for private servers for those who do not mind maintaining and taking care of their own servers. It is highly recommended that you go with one of the larger hosting companies in order to get reliable hosting, support and rental options when it comes to your own Minecraft Server. Luckily, the web is a great resource for finding the perfect provider and server for your needs.",

"Rust"s central gameplay is available in both singleplayer and multiplayer modes. When playing on a server with other players, combat is enabled and players must fight or flee from other hostile players who are also scavenging for resources. If a player is killed by another player they will not be able to respawn until they have been to a specified area of the map which acts as the game's 'spawn point'.",
